// DYNAMIC PEOPLE

“RW Armstrong has a unique quality that we carefully guard as being one of the most important reasons for our success. It's the fact that no matter how many employees or offices we have, or states or countries we operate in, we regard every new member of the company as a new member of our family. How each of us works together is just as important as how well each of us performs the technical aspects of our jobs. We have a special team of professionals at RW Armstrong with a rare chemistry that drives our success year after year. That chemistry is one of our most precious assets; it's also the reason I look forward to coming to work and making a positive impact every day.”

– Mike, Chief Financial Officer

// INTEGRITY AND COMMITMENT.

TEAMWORK IS the foundation of all RW Armstrong relationships. We enjoy our work, and we enjoy working with our clients and partners to successfully achieve common goals. Our commitment goes beyond the workplace as we actively participate in and give back to the communities in which we live.

Our employees make time to actively apply their leadership skills in the community – they personally volunteer weekly at the Wheeler Homeless Mission, sit on the Board of Directors for the Visiting Nurse Association, and coach their children’s soccer teams. To support our community and employees, we also participate as a company in many community events and activities. We hold regular blood drives for the American Red Cross in our office, participate in an Airplane Pull to benefit Special Olympics, and organize walking teams to benefit countless organizations, such as the March of Dimes, Race for the Cure, and the Indianapolis Humane Society.

// STRONG RELATIONSHIPS.

We pride ourselves on providing the best environment for our employees to thrive professionally and personally. As we experience rapid growth in our offices around the globe, we’re still on a first-name basis. We’re one big family. It’s a culture that we value and one that distinguishes us from the rest.

// DYNAMIC PEOPLE.

“One quality in a company that was really important to me was the environment. I wanted a place where I would feel comfortable and professional at the same time. Walking into RW Armstrong, I could tell it was a place people wanted to be, not just a place where they worked. Walking out, I knew that if I was hired, I would be working with a group of people who had the knowledge and demeanor to mentor me and make me feel welcome. This has been proven to me time and time again in the last few months, and it reconfirms that I made the right decision.”

– Kisch, Project Engineer
